

E9-1-1

What does the **E** in E911 mean? It stands for “**E**nhanced” 9-1-1. An **E**nhanced 911 system identifies the telephone number and address of the person placing the emergency call and displays the information on a computer screen for the dispatcher. In addition, Monroe County E911 system displays which agency should be dispatched should your emergency need help from fire, law enforcement, or ambulance personnel. Should you be unable to speak when you dial 911, help can still be sent to assist you.
