MADISON COUNTY ENGINEER

Full time employment in the office of Secondary Roads. IPERS, Medical, and Life benefits eligible position.

Madison County, Iowa is seeking a qualified candidate for the position of County Engineer. This position is responsible for the overall operation and management of the Secondary Roads department which includes the administration of a multi-million-dollar budget and direction of thirty-three employees.

The County Engineer reports to and receives direction from the Madison County Board of Supervisors. Qualified candidates must be licensed as a Professional Engineer in Iowa and must possess a working knowledge of the maintenance and construction of roads and land surveying. The engineer will prepare an annual budget and construction program for the Board of Supervisors and Iowa Department of Transportation's approval indicating yearly priorities and estimated funding sources. The engineer is responsible for the efficient and economical performance of all engineering work done by contract or support staff.

Visit www.madisoncoia.us for an application and job description or contact Human Resources at 515.462.5026 or tbaskerville@madisoncounty.iowa.gov. Deadline to submit applications is October 18, 2021, by 4:30 p.m. Send application, resume, and National Career Readiness Certificate (if available) to:
