

Residents of Henry County, the changes in Henry County Polling Places and Voting Precincts, myself as Commissioner of Elections or the Board of Supervisors or the Secretary of State had no part in making. These changes are made every 10 years after the census. After the 2020 census the need to redistrict is due to the change in population for the State House and Senate Legislative Districts which is done by the State Legislators. Henry County was previously all in the same Legislative Districts and now the map approved by legislation has Salem Township, Tippecanoe Township and Center Township including the cities within them in State House District 87 and Senate District 44. Jackson Township, Baltimore Township, New London Township Trenton township, Marion Township, Canaan Township, Scott Township, Wayne Township, Jefferson Township including the cities within them are in State House District 95 and Senate District 48. All of Henry County was in U.S. Congressional District 2 and now it is in U.S. Congressional District 1. This is effective for June 7, 2022, Primary Election moving forward.

Due to these changes many of Henry County residents Polling Places are going to change which can not be helped due to the County required to follow the Code of Iowa, for which I am truly sorry for this inconvenience. Below are the new Precincts with their Polling Places listed below.

Precinct 1 - Polling Place Wayland City Hall, 218 W Main St, Wayland - Trenton Township, Marion Township, Jefferson Township to include the incorporated cities of Wayland, Olds and the portion of Coppock within Henry County; that part of Wayne Township residents living west of James Avenue to 140th Street, east to Highway 218, south to the township line.
