

IowaWORKS

A proud partner of the AmericanJobCenter® network

WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA)

Helping people define and achieve their employment goals.

Eligibility for Services

You May Be Eligible if:

- You have been permanently laid off from your job
- Are unemployed or underemployed with additional barriers (income guidelines apply)

Career Planning Services

- Assistance in job search and placement
- Skills assessment and barriers to employment
- Labor market and career information
- Skill enhancing workshops
- Referrals to community resources

Training Services

Training services may be available to individuals who are determined eligible. All training providers must be certified by WIOA to be used for training. Services include:

High School Equivalency Diploma (HSED)

Most employers require a high school diploma or HSED as part of their application process. Resources are available to assist you in obtaining your HSED.

Basic Skill Upgrades

Increasing your skills in targeted areas can improve your employability. Completing a class or two may be enough to gain those needed skills.

On-the-Job Training

Learning new skills on the job can be an excellent way to get the needed skills while still earning wages. WIOA may be able to pay up to 50 percent of those wages if there are employers with positions available.

Classroom Training

Vocational training or completion of a previously started four-year degree is available to those jobs that require more formal training. Financial assistance may be provided for tuition, fees, books and other support services (based on needs and funding available.)
